GLASS FLUSH PLATES STRIPE-GL1200 AND STRIPE-GL1204

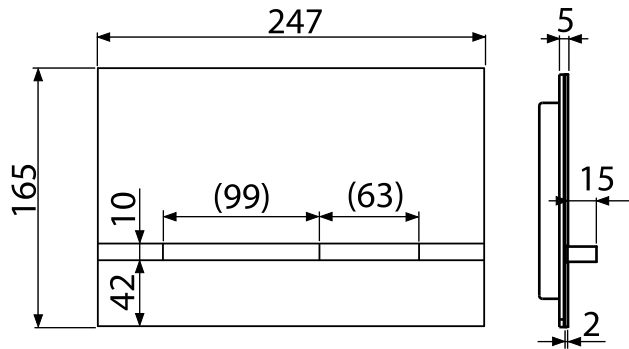

New flush plate with a flat design that fits into any modern bathroom. Perfect surface finish and a simple shape of flush plate emphasize the exclusive glass material used. Elements of stainless steel, which are among the most sought after materials, flawlessly complement this modern design. It is a dual flush system using large and small flush buttons. Furthermore, these flush plates are fully compatible with all our ALCA pre-wall installation systems.

TAILORED TO FIT OFFERS STAINLESS STEEL LINEAR DRAINS – FROM 1ST OF JANUARY 2016

To simplify our offers and range of our stainless steel linear drains, we decided to stop selling our drain with a grid for embedded tiles (series APZ7, APZ107, APZ1007, APZ1107).

The grid FLOOR for embedded tiles, though, will remain in our product range.

which then can be used in combination with our linear drains APZ6, APZ106, APZ1006, APZ1106.
